

CLEAN CALIFORNIA

McFarland Beautification Project

About Clean California

The Caltrans Clean California Beautification Program aims to advance equity for underserved communities by implementing transformative beautification projects on the State Highway system by improving spaces on the public right of way.

SR 99 Project Features

New fence installations along the roadway.

Planting rehabilitation and irrigation repairs.

Install slope paving beneath bridge structures.

We Want To Hear From You!

We are looking for ideas from the McFarland community to include in the SR 99 project scope. Please consider reaching out to District 6 Clean CA Coordinator Curt Hatton or attending our upcoming workshop!
